The screenshot shows the MPC DASHBOARD interface for mission planning. It includes a top navigation bar with 'WIDOW' and 'MPC DASHBOARD' labels, and utility buttons for 'NEED HELP?', 'SUPPORT@WIDOW.APP', and 'EXPORT COORD CARD'. A 'CURRENT TIME' table displays mission times and time zones. The main area is divided into 'MISSION INFORMATION' (with fields for DATE, VUL, MPC LOCATION, MROC, MC, DEP MC, GRR LINK, and VERSION) and 'OBJECTIVES' (with an 'OBJECTIVE 1' field). Below these is an 'ACCEPTABLE LEVEL OF RISK' section with dropdowns for RISK TYPE and RISK FACTOR. At the bottom, a 'DAILY SCHEDULE' shows five meetings: DIM (08 00), MAM (10 00), GPDM (12 00), GAVM (14 30), and GCAM (15 30).
